

Level of Community Spread for Schools

Categories are determined based the metrics outlined in the [Level of Community Spread for Idaho Back-To-School Framework](#).

These categories are recommendations only and final decisions are made by local school boards.

Private and charter schools should use the category based on the address of their facility and associated school district boundary.

These are weekly assessments of community spread and will updated on Mondays.

If category designations are adjusted then schools and families should expect transition time as changes may or may not be immediate.

Date: August 17, 2020

Ada County

Boise School District	Category 3
Kuna School District	Category 3
